The Spiritual Exercises - St. Ignatius of Loyola

Translator: Anthony Mottola, Ph.D., 1964

For 450 years, *The Exercises* have embodied fundamental spiritual principles essential to authentic Christian living. The mystical insight informing Ignatius's own relationship with God—which he distilled in *The Exercises*—is that the divine love of God is providentially present in all the details of our existence. Here Ignatius shows

how the faithful can be joined to God in all things, according to the Jesuit motto, Ad Majorem Dei Gloriam, "For the greater glory of God." The foundation of the Kolbe program.

The Building of Christendom

Warren Carrol, 1993

This second volume tells the story of the great heresies that seemed to carry all before them, yet always failed to gain their final goal of capturing the Papacy; of St. Patrick's mission to Ireland; of how the Popes became judges of kings and the First Crusade swept on to victory against all odds; of how the Church bridged the abyss of the Dark Ages and laid the foundations of a new Christian order. All Christian countries are covered, with the history of the Popes as the connecting thread.
